PROFESSIONAL SUMMARY

Motivated undergraduate student with a strong foundation in core academic concepts and a keen interest in learning new technologies. Possesses strong problem-solving, communication, and teamwork skills, with hands-on experience in academic and internship projects. Seeking an opportunity to apply my knowledge in a practical environment and grow professionally.

PROJECTS & EXPERIENCE

Machine Learning Project – Heart Disease Prediction System | Developer, LBRCE Academic Project | 2025

- Developed a Heart Disease Prediction System using Machine Learning techniques.
- Used Python and data analysis libraries to analyze medical datasets and predict possible heart disease risk.
- Implemented data preprocessing, model training, and prediction modules.
- Built a simple user interface allowing users to input medical parameters and receive prediction results.
- Improved skills in Machine Learning, data analysis, and real-world problem solving.

Smart India Hackathon (SIH) Project | Participant, Government of India | 2025

- Participated in a national-level hackathon and worked on a real-world problem statement.
- Contributed to the development of a technical solution in a team-based environment.
- Enhanced skills in teamwork, innovation, and time management.

SmartBridge Internship | Intern, SmartBridge | Completed at the end of Second Year

- Successfully completed the SmartBridge internship program.
- Developed a Bookstore Management System as the final internship project using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Applied programming and problem-solving skills to design and implement the project.
- Strengthened practical knowledge in full-stack web development and project execution.

Web Development Internship | Intern, Future Intern | 2026

- Completed Task 1 by developing a personal portfolio website.
- Successfully completed Task 2 and Task 3 as part of the internship.
- Strengthened skills in HTML, CSS, JavaScript, and responsive web development.

Academic Mini-Projects | LBRCE Coursework | 2025

- Completed academic and mini-projects as part of the undergraduate curriculum.
- Applied theoretical knowledge to practical problem-solving.
- Worked collaboratively with team members to design and implement solutions.
- Improved analytical thinking, technical documentation, and presentation skills.

ACHIEVEMENTS

- Shortlisted for the Infosys Springboard Virtual Internship 7.0 (2026), an opportunity to enhance technical and professional skills through virtual learning and real-world exposure.

EDUCATION

LakiReddy Bali Reddy College of Engineering (LBRCE)

- Currently pursuing a B.Tech in Computer Science and Engineering.
- Focusing on developing skills in Data Structures and Algorithms.

SKILLS & LANGUAGES

- | | |
|--------------------------------|-----------|
| • Programming: C, Python, C++ | • Telugu |
| • Teamwork and collaboration | • English |
| • Communication skills | |
| • Adaptability and flexibility | |

- Leadership and management
